The Professional Information Technology Scholarship was created to support bachelor’s degree seeking students who intend to complete their degree in Information Technology and are currently working or seeking a career in the field.

**Who can apply?**
New, incoming students applying to the College of Professional Studies that have transfer credit are eligible to apply. To qualify for the scholarship, applicants must be seeking the Bachelor of Science in Information Technology degree program.

**Eligibility criteria**
- U.S. citizen or U.S. permanent resident
- Previous transfer credit from an accredited institution
- Minimum GPA of 2.5 (cumulative if you’ve attended more than one institution)

**Application instructions**
Complete the scholarship application
Provide one letter of recommendation from one of the following (your recommender should be someone that can attest to your present and/or future goals and commitment to work in the field):
- Employer, direct manager, or supervisor
- Or advisor

Scholarship essay should be two pages, double spaced (approximately 500 words) and addresses the following:
- Describe your educational goals and career aspirations as they relate to today’s industry needs.
- How would completing your bachelor’s degree at the College of Professional Studies and receiving the Professional Information Technology Scholarship support your educational goals as well as your current and future career aspirations?
- Explain the personal or financial circumstance on which the need for scholarship funding is based.

Complete the CPS admissions application and submit all necessary documentation
Complete the Free Application for Federal Student Aid (FAFSA) form and additional documentation required by Student Financial Services to determine your financial need

**Scholarship deadlines**
The Professional Information Technology Scholarship will be awarded several times a year. Please review the deadlines on our website. The application materials listed above must be submitted by the stated deadline in order to be considered for the scholarship.

**Review process**
The Professional Information Technology Scholarship committee will review all applications and make award selections. Candidates will be informed of award decisions approximately three weeks after the deadline by letter. The scholarship applies to tuition charges only and will be disbursed to the recipient’s student account over the course of his or her degree program.
